

INDIA-CHINA STANDOFF

Several soldiers injured in minor face-off at Sikkim

PRESS TRUST OF INDIA
New Delhi, 25 January

Amid their tense standoff in eastern Ladakh, Indian and Chinese troops were involved in a clash in the high-altitude Naku La region in North Sikkim on January 20, an incident described by the Indian Army on Monday as a "minor face-off".

In a statement, the Indian Army said the face-off was resolved by local commanders as per established protocols.

The incident at Naku La became public on Monday hours after senior commanders of both the armies concluded a nearly 16-hour-long meeting in an attempt to defuse tension in eastern Ladakh.

It is learnt that troops from both sides sustained minor injuries in the physical brawl in Naku La.

"It is clarified that there was a minor face-off at Naku La area of North Sikkim on January 20 and the same was resolved by local commanders as per established protocols. Media is requested to refrain from overplaying or exaggerating reports which are factually incorrect," the Army said in a brief statement.

People familiar with the developments along the Line of Actual Control (LAC) in North Sikkim said the Chinese troops attempted to transgress into the Indian side of the frontier in Naku La but were stopped by the Indian military personnel.

They said both sides brought in additional troops to Naku La following the brawl and the situation was under control so far.

It is also learnt that Defence Minister Rajnath Singh and the top military brass were apprised about the incident.

Naku La, located at an altitude of 16,000 feet, was the same site where Indian and Chinese troops had engaged in a fierce clash in May last year days after

Military talks positive, both nations agree on early disengagement

India and China have agreed to push for an early disengagement of troops and resolved to continue "effective efforts" to stabilise and control the situation in eastern Ladakh at their ninth round of military talks on the border row, a joint press statement issued on Monday.

The statement issued here by the defence ministry said the two sides agreed that the meeting was "positive, practical and constructive, which further enhanced mutual trust and understanding." "The two sides agreed to continue their effective efforts in ensuring the restraint of the frontline troops, stabilise and control the situation along the LAC in the Western Sector of the China-India border, and jointly maintain peace and tranquility," it said after the 16-hour meeting at the Molde border point on the Chinese side of the Line of Actual Control in eastern Ladakh.

The statement said they agreed to hold the 10th round of Corps Commander meeting at an early date to jointly advance de-escalation.

The Corps Commander-level talks began at around 10:30 AM on Sunday and ended at 2:30 AM on Monday, military sources said. "They also agreed to follow the important consensus of their state leaders, maintain the good momentum of dialogue and negotiation, and hold the 10th round of the Corps Commander level meeting at an early date to jointly advance de-escalation," the statement said. The sources said both sides held extensive deliberations on modalities for disengagement of troops from all the friction points in eastern Ladakh at the talks.

a violent face-off between the two sides in Pangong lake area in eastern Ladakh. Nearly 150 Indian and Chinese military personnel were engaged in the face-off in Naku La on May 9. At least 10 soldiers from both sides sustained injuries.

The incident in the Pangong lake area has triggered the nearly nine-month-long military standoff in eastern Ladakh between the two sides.

When asked about the incident in Naku La, Chinese Foreign Ministry Spokesperson Zhao Lijian said: "On the specific incident you mentioned, I don't have any information to offer." Zhao told a media briefing in Beijing that the Chinese border troops are committed to upholding peace and tranquillity along the border with India.

Govt okays green tax on old vehicles, scrappage policy

Policy on scrapping old vehicles to come into effect from April 1, 2022: Gadkari

MEGHA MANOJANDRA
New Delhi, 25 January

The Union Minister for Road Transport and Highways Nitin Gadkari on Monday said his department has approved a proposal to levy 'green tax' on old vehicles polluting the environment. The proposal will go to the states for consultation before it is formally notified.

According to the proposal, green tax will be imposed on transport vehicles older than eight years at the time of renewal of the fitness certificate — at the rate of 10-25 per cent of road tax. Personal vehicles will also be charged the same levy at the time of renewal of registration certification after 15 years.

Public transport vehicles, such as city buses, will be charged a lower green tax.

In the case of vehicles being registered in highly pol-

luted cities, a higher green tax (50 per cent of road tax) and a differential tax, depending on the fuel (petrol/diesel) variant and type of vehicle, will be charged.

Hybrids, electric vehicles, and alternative fuels, such as compressed natural gas, ethanol, and liquefied petroleum gas, will be exempted. Also, farm vehicles, such as trac-

tors, harvesters, and tillers, will be exempted.

The revenue collected from the green tax will be in a separate account and used for tackling pollution, and for states to set up facilities for emission monitoring, said an official statement.

Gadkari also approved the policy of deregistration and scrapping vehicles owned by

ALL ABOUT THE NEW TAX

- To be imposed on transport vehicles older than 8 years at the time of renewal of the fitness certificate
- Tax to be 10-25 per cent of road tax
- Personal vehicles to be charged the same at the time of renewal of registration certification after 15 years
- Govt hopes this will help dissuade people from using vehicles which damage the environment
- Will motivate people to switch to newer, less polluting vehicles

government departments and public sector undertakings above 15 years old. The proposal is to be notified and will come into effect from April 1, 2022.

It is estimated that commercial vehicles, which constitute 5 per cent of the total vehicle fleet, contribute 65-70 per cent of total vehicular pollution.

FROM PAGE 1 Amazon...

In Amazon's petition, respondent No. 3 has been mentioned as Kishore Biyani, executive chairman and group CEO of FRL; respondent No. 8 is Rakesh Biyani, who is the managing director of FRL.

The detention of Ashni Kishore Biyani, daughter of Kishore Biyani and respondent No. 4, has also been sought, besides some other family members. Other such respondents include Anil Biyani, Gopikishan Biyani,

cause irreparable loss and injury to the petitioner."

According to an analysis of the petition by legal experts, Amazon in its present petition filed before the Delhi HC has accused Future Group's founders and other respondents of violating the court's order dated December 21, 2020. "Here the court had essentially upheld the validity of the order passed by the Emergency Arbitrator passed in Singapore under the SIAC (Singapore International Arbitration Centre) Rules, as valid under Indian law," said Salman Waris, managing partner at technology law firm TechLegis Advocates and Solicitors.

This month it also informed Sebi about the formation of an arbitration tribunal at the Singapore International Arbitration Centre (SIAC). The next phase of arbitration proceedings between Amazon and Future Group is expected to begin soon in Singapore, according to the sources.

In August 2020, Future Group struck a \$3.4-billion asset sale deal with Reliance Industries (RIL). Amazon then sent a legal notice to Future, alleging the retailer's deal breached an agreement with the American e-commerce giant.

Direct tax...

According to tax experts, the biggest lacuna in the current system is that tax officials interpret tax laws and rules differently and there is no certainty in that respect. Former Central Board of Direct Taxes (CBDT) member Akhilesh Ranjan said tax certainty is a key area that needs to be handled effectively.

"We have tried to manage litigation through various schemes like Vivad Se Vishwas, but a far better way to do it is to prevent litigation from happening. There is a need for a mediation mechanism, which should be non-binding and non-mandatory in nature, and where the taxpayer can opt-in or opt-out anytime before tax is finally assessed. This will be of great help to businesses," said Ranjan, who also chaired the direct tax task force that submitted the report to the finance minister in 2019.

The yet-to-be-released report is believed to have detailed such a mediation mechanism, which will have outside experts to give an impartial view. "Mediators do not decide on issues, but only bring the two sides together. There are many disputes where taxpayers or tax officers are unnecessarily aggressive," he said.
